

Gorelem

Gorelem is a German Heavy Noise Rock Band from the heart of Berlin.

They are heavily influenced by Stoner, Sludge and Heavy Rock.

Gorelem was founded in 2013 as a guitar/drum duo by Ralle Krawall on vocals and guitar and Natus Crane on drums.

They released two demos , before they went to the Big Snuff Studio to record „Gorelem II“ with Andrea Guiliani on bass guitar.

In 2015 Andrea left the band and Karsten“Wheelz“ Bengsch took over the bass part.

In 2019 they recorded their first full length album „Gorelem III“

Shortly after the recordings, Natus Crane left the band, but with Matt Raven on drums the line up was complete again.

Currently they are working on their new release.....stay tuned
